NICHOLS & GORMAN,
BOOK AND JOB PRINTERS,

RALEIGH, N. C.

TO OUR PATRONS.

With the presentation of the Third Annual Catalogue from Kelyvn Garden, the subscriber returns his thanks to the public for the liberal patronage of the past year, and would state that the stock of Plants, in all departments, has been largely augmented, in number and variety. Our determination is, in every case, to satisfy the purchaser as to the quality of the goods supplied, and the reasonableness of the charges. The Chatham Rail Road is now open near to Pittsboro', and daily mail and express facilities have been supplied, since the last Spring trade, so that all orders will receive prompt attention.

The Bulbs are now in hand, and of the finest quality of this season's growth, in Holland, which has been unusually favorable. They are not the refuse bulbs, brought to this country as emigrants' luggage, and sold cheap by the case, in New York, but they are the finest products of the Harlem florists. In the list, will be found some new and rare varieties.

We supply all the choicest ornamental Shrubs and Trees, Roses, Vines, Hardy Border Plants (many new and beautiful kinds of these,) Green-house and Hot-house Plants, Hedge Plants, Flower Seeds, &c.

We introduce this season various beautiful and rare Evergreens, obtained through the Collector for the Experimental Garden and Conservatory of the United States, in his recent foreign tour, some of them are especially for Cemetery Planting.

Attention is called to the following points:

1. Trees, &c., furnished at any time from October 25 to May 15, except during a short season in January. Bulbs at all times when in season. Plants in pots at any time—also small evergreens in pots.

2. Terms cash, for orders under fifty dollars. Large orders will be liberally treated, and time given, upon satisfactory references.

3. We pack with care, charges for the same being only actual cost. After delivery to the Rail Road or Express, we are not responsible for delay by the forwarders. But any article forwarded by mail will be promptly replaced, if it fails to reach the buyer. Where selections of varieties are left to us, the purchaser will find it to his advantage. Plants sent out shall be healthy and strong, but we do not guarantee their success, because we have no control of their planting and management.

4. Please inform us of the arrival and condition of all orders sent out, as we desire all to be thoroughly satisfied.

Please remit by money order or registered letter. Seeds, Bulbs and most small Plants will be sent by mail free of postage. All letters answered by return mail. Send duplicate order to prevent delay if the first letter is not promptly answered. Order anything you wish, whether on the list or not. We will obtain it for you, if practicable. We will duplicate any offer of any catalogue. For the character of the plants, see references. Time saved, is everything to perishable plants, and we can now forward daily. Floral Decorations, Crosses, Wreaths, &c., promptly supplied.

Catalogue of Bulbs.

HYACINTHS.

These superb flowers can be grown by any one, with trifling care. Plant in open ground, or pot, or in a glass, filled with water. For out-door planting, dig the soil two feet deep, add two inches cow-manure and some sand; plant nine inches apart, and one foot between rows, on a dry day, covering with three inches of earth. If potted, put in a dark place, or bury in ashes to start the roots before the crown, and place in the light when the roots reach the bottom of the pot. They will also grow well, planted in moss, without any earth. From hundreds of sorts, we have selected the following distinct and beautiful varieties. Order early, before the stock is broken.

Double Red and Pink.

| | |
|--|----|
| <i>Acteur</i> , rose, shaded deep pink, very double,..... | 25 |
| <i>Czar Nicholas</i> , pale blush, large bells,..... | 25 |

Thuja, Siberian, Arbor Vitae, superb plants, very bushy,
from 25 cts up.

Torreya, (Florida,) Yew-leaved *Torreya*, rigid shining
green leaves, 1.25

Many of the rarer Evergreens are pot-grown, to insure safety in transplanting. They are packed with care. Keep the roots damp until planted. Do not use fresh manure. Deep planting will kill the plant. Shade for a few days, and plant with Northern exposure, where practicable. Selections made up for five, ten, twenty and fifty dollars, at special rates. Correspondence invited from gentlemen who are planting their grounds. The advantages of purchasing Evergreens at home are undoubted. They can only be moved long distances at special seasons. Do not confound the costly sorts with common plants. We send the cheap kinds at lower rates than those of any Southern catalogue, and heavy Northern freights are saved.

HEDGE PLANTS.

Arbor Vita, American, 6 in. to 1 ft., price
reduced to..... \$10.00 per 100

Norway Spruce, nine inches, price reduced to 8.00 “

Crataegus Pyracantha, 16.00 “

Silver Thorn, 1 year, 8.00 “

Golden Spiraea, one foot.... 18.00 “

Osage Orange, very fine; price until Jan. 1st,
for 1 year, \$4.50 per 1,000

Osage Orange, largely reduced in price, qual-
ity best, two years, \$6.00 per 1,000

Box Edging, per yard, 30 cents.

ROSES.

All the best varieties of Hybrid Perpetual, Tea, Bengal, Bourbon, Moss, and Climbing Roses. For descriptions, see Catalogue No. 2. Plants from open ground, in Fall and Winter, very strong and fine, all leading kinds, at 33 cents each. Pot-grown plants, 50 cents each or \$5 per dozen. We guarantee better satisfaction, if color is stated and name of variety left to us, as we can select the best plants. We are growing a very heavy stock for 1872, and constantly adding the best.

TENDER SHRUBS.

For drawing room decoration in winter, we offer beautiful *Camellias*, white, red, and variegated, *Azaleas*, in all colors, ten styles of *Oranges*, *Lemon*, *Lime*, *Citron*, *Shaddock*, *Gardenia*, (Cape Jessamine) *Californian Laurel*, (with spicy leaves) *Daphne*, (blooming at Christmas) *Eupatoriums*, white bloom, &c., at low rates.

GREEN-HOUSE & HOT-HOUSE PLANTS.

Send for whatever you may wish. We cannot catalogue the varieties—see Spring Catalogue. Many rare and new sorts are now offered. We have just stocked a large house with hundreds of sorts, to which reference can be given, for any purchaser. All sorts of *Bedding Plants* sent in Spring. *Hanging Baskets*, with or without Plants.

FLOWER SEEDS.

Fine selections for fall planting, very cheap. Most hardy annuals do best when planted in the fall, if not in dry soil. Seeds for spring planting supplied of best quality, at discount of twenty per cent. or any other catalogue price, if ordered before April 1st. Gladiolus, Dahlias, Tuberoses, Seeds for Green-house Planting.

Hyacinth Glasses, 25 to 50 cents, with growing Bulbs, 50 cents to one dollar.

Fine Pots with growing Bulbs ready for bloom, January to March, 50 cents each.

HARDY BORDER PLANTS.

We desire to present the cultivation of *Hardy Herbaceous Plants* as a specialty of Kelvyn. No plants are better suited to the wants of the people—cultivated with ease, perfectly hardy, full of variety in flowers and foliage, and returning in the Spring very early, without need of replanting, they commend themselves to all lovers of flowers. Many new sorts are very lovely. We are collecting every valuable sort. Want of room allows us only to give name and color to a portion. Price, 20 to 50 cents. One dozen, our selection, \$2.00. Cheaper sorts, \$1.50 per dozen.

Achillea, yellow, red, double white.

Aconitum, blue, white.

“ Hardy, purple.

Veronica, white, pink, blue.

Viola, violet, pale blue.

Selections left to us, will be liberally treated. Seedlings of Annuals at proper season, furnished for 25 cts. per doz. 50 cents per larger size.

Attention is invited to a few extracts from letters constantly received. Every effort will be made to please purchasers, and correspondence carefully answered, on any subject connected with Ornamental Planting.

Extracts from Letters received from our Patrons.

WASHINGTON, N. C., March 19, 1871.

“My Roses arrived on the 11th, in good order and well conditioned. The Flower-Seeds you sent me in January, are up finely. The “Donald Berton” geranium, one of the papers you presented me, came up, *every* seed, and now present a thriving appearance.”

Very Respectfully,

(Mrs.) D. V. WARREN.

OXFORD, N. C., April 26, 1871.

“The box of Flowers reached me promptly and in good order. Thank you very much for your kind liberality. With the best wishes for your success.”

Very Truly Yours,

(Mrs.) L. G. CRAWFORD.

RALEIGH, N. C., April 1, 1871.

“The Plants are excellent selections.”

KEMP P. BATTLE.

(Said in reference to an order of six to eight hundred Plants for the Raleigh Cemetery.)

HILLSBORO', N. C., March 15, 1871.

“My Hyacinths were very handsome.”

(Mrs.) S. C. D. TURNER.

FAYETTEVILLE, March 18, 1871.

“I shall take pleasure in directing any person in want of Evergreens, Flowers, &c., to your assortment.”

Very Respectfully,

JOHN D. WILLIAMS.

OXFORD, March 30, 1871.

“Your specimens are beautiful.”

Respectfully, S. A. ELLIOTT.

ASHEVILLE, N. C.

“I take pleasure in acknowledging the receipt of my plants, and thanking you for your liberality and kindness.”

Very Respectfully,

H. N. JASPER.

CHAPEL HILL, July 6, 1871.

“I have been waiting until the *Lilium Superbum* opened, to write you of its success. I take pleasure in mentioning that it turns out to be the very flower, I have tried for many years to procure. Wishing you all success, I am,”

Respectfully, MARION L. SPEAR.

ASHEVILLE, September, 1871.

“The *Tuberoses* bloomed beautifully.”

(Mrs.) H. K. PATTON.

Our thanks to many friends for kind notices—also to the Press.
